Elegante Policromia

Elegant Polychromy

Le iconiche boules d'oro giallo sono alternate a gemme di rara bellezza: ametista, peridoto, quarzo giallo, granato rosso, topazio London, tormalina rosa.

Vengono selezionate per intensità e purezza e valorizzate da un taglio multifaccettato che ne esalta la naturale luminosità.

The iconic gold boules are matched with gems of rare beauty: amethyst, peridot, yellow quartz, red garnet, London topaz, pink tourmaline. They are selected for intensity and purity and their natural brightness is enhanced by a multifaceted cut.
